

# GROUP TRIP

Blue wake up late so he tried to be ready quickly. He saw Birdy, Swimmy, Happy and Hanona are knocking on the table. HANONA told him that he weren't at the meeting point, so he promised to be ready in a minute.

Guys got angry because of Blue delay, but Hanona said that don't ruin the trip with negative thoughts. Blue apologized and Bridy said, we have a little over an hour before it starts to rain. They went to the wood for hiking.

SWIMMY made a cake, and HANONA made the sandwiches. HANONA was hungry so suggested to take a rest to eat. Blue disagreed that should go to the center of the wood as we agreed. All of them agreed so they sit to take lunch.

When they finish their sandwiches, it starts raining. They start to pack their things that a strong wind starts to blow. Swimmy suggested to hide under big tree giant branches. HANONA said that she will back home when the rain stops. Another thunder hits nearby, and they hear a wolf howling.

They see that a white wolf closing to them. Blue asked Hanona to give him a sandwich., but she throws the whole bag to Blue. Blue extends the sandwich to the wolf. The wolf continues closing. He smells the sandwich, but passes it and looks right at the kids.

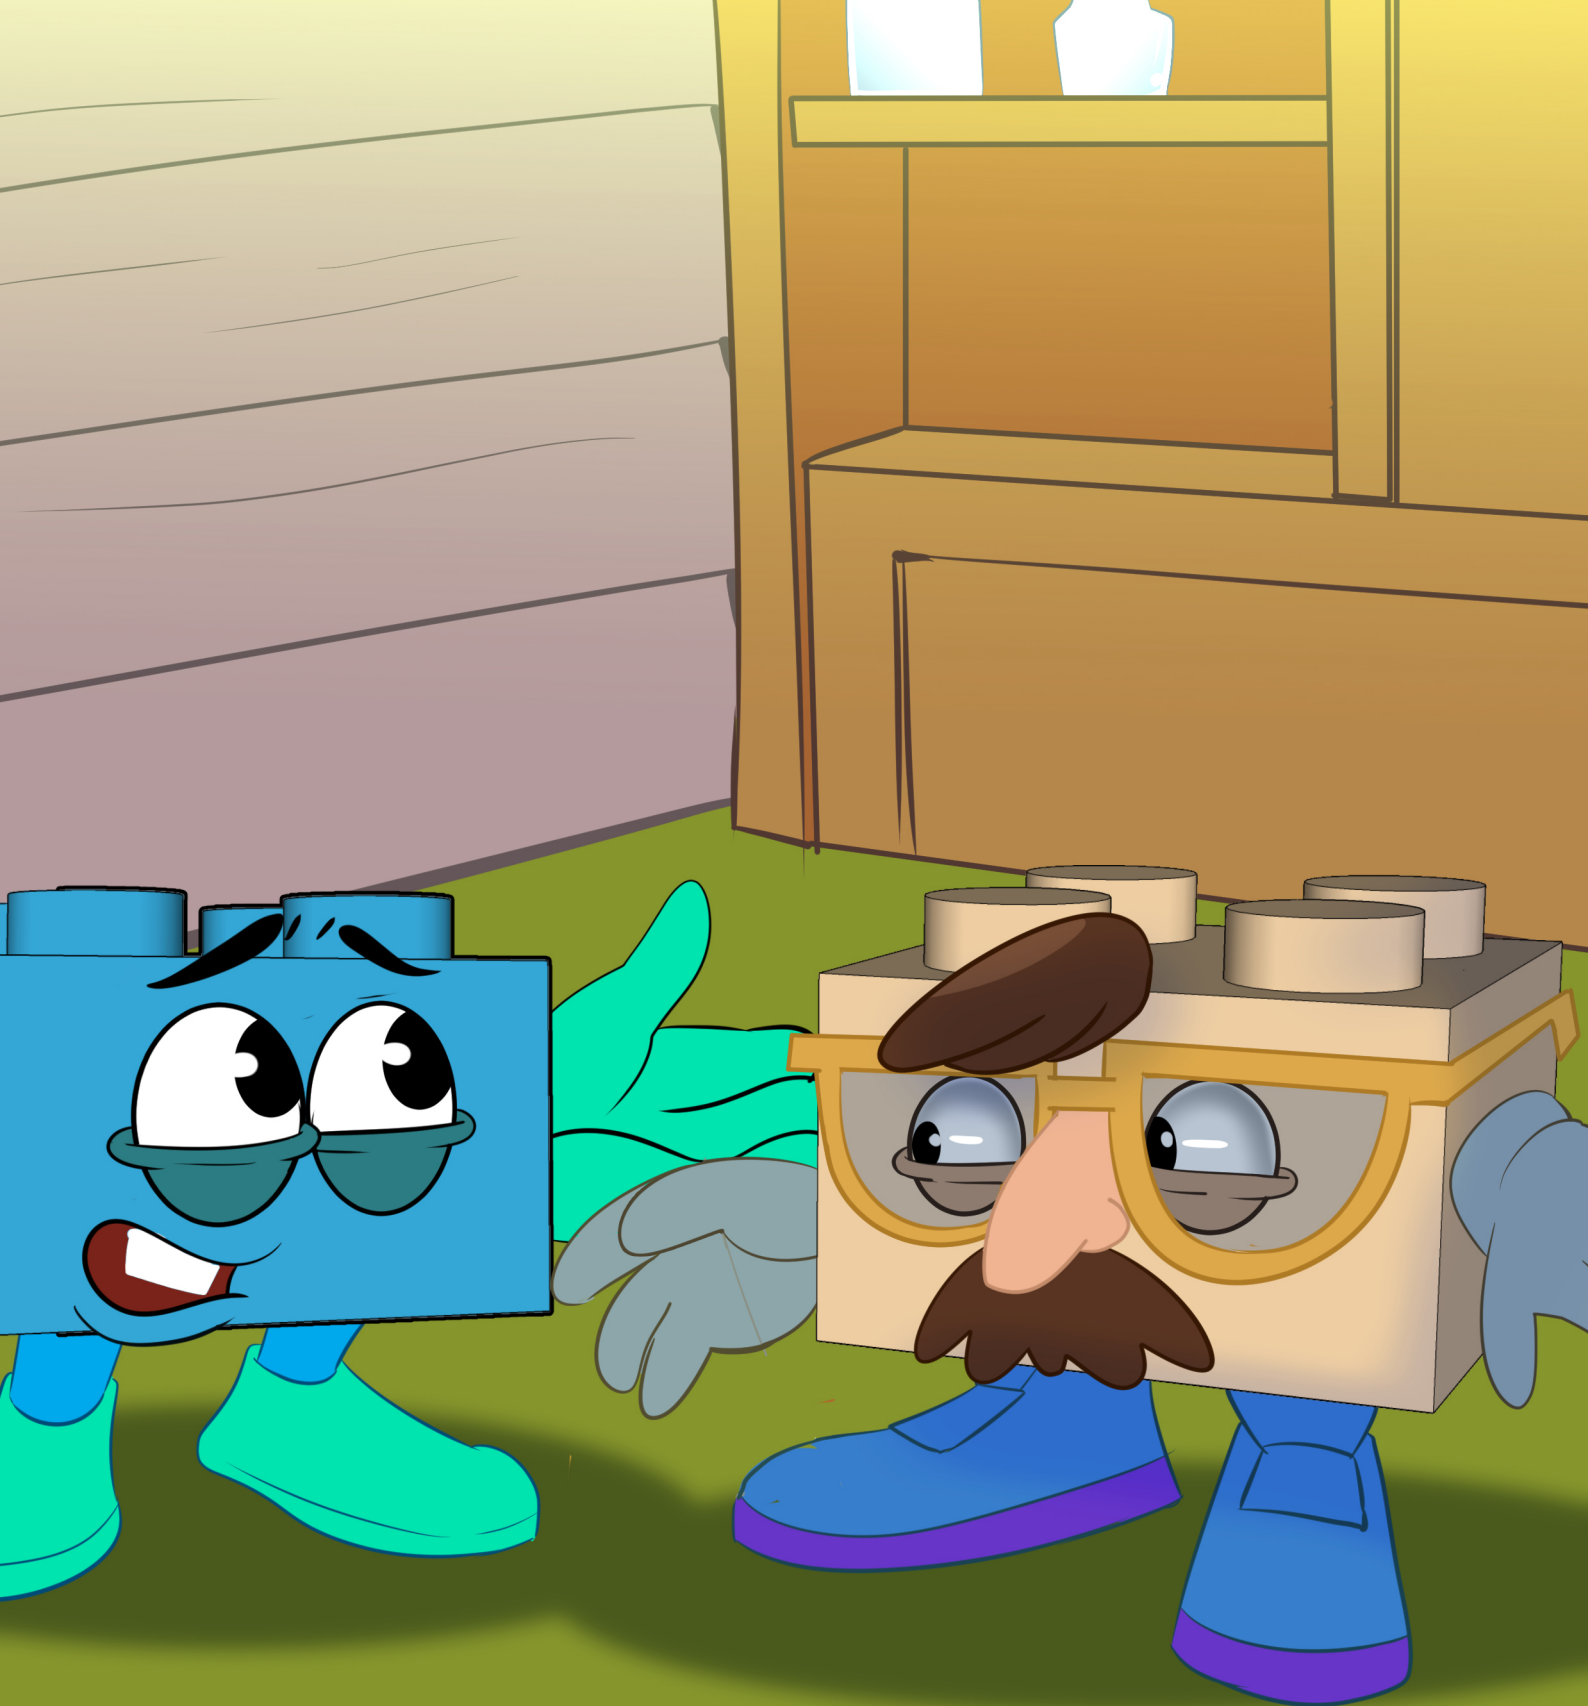

Swimmy pulls out a pie and throws it at the wolf. The wolf passes that, too. Everybody starts running.

The wolf seems satisfied. It's not interested in chasing them. It is going back in the woods. The kids continue to run. They hear a very loud thunder behind their backs. After a couple of minutes, they reach the town's borders.

They look for each other and see that everybody's here. They try to catch their breaths. They should tell our dad and the elders. They should do something about this wolf.

It's not raining any more. The kids are back in the woods with Mr. Cuppy and Pirate Joe. They are holding sticks. They close to the place where the massive tree was standing.

It looks like a lightning hit it, so the wolf saved them.

PIRATE JOE asked kids, was the wolf white as a sail? Well, kids, you were saved by the forest ghost. Don't worry. He's good. They are walking back to the town.

BLUE said, tomorrow we'll go back to the wood and thank him.
